E. Sewage disposal systems for new dwellings or other buildings designed for human occupancy shall consist of an approved septic tank and will follow the requirements of the Health Law of the State of New Hampshire.

H. (a) Trailer camps and mobile home subdivisions shall not be permitted in the Town until approval has been granted by the Board of Adjustment, after a public hearing.

(b) No multiple family dwelling or conversion of a single to a multiple family dwelling, mobile home or house trailer, camping or travel trailer, shall be located in the Town without a written permit signed by the Board of Selectmen, unless excepted per Paragraph H. (c).

(c) Travel trailers and campers will be permitted on private property for no longer than four weeks during any one year. A written permit will be required for a longer period of time

J. (a) In zones A and B, all building lots for a single family dwelling shall contain a minimum of two (2) acres, with a minimum of three hundred (300) foot frontage. This also applies to lots for trailers and mobile homes.

(b) In Zone C all building lots for a single family dwelling shall contain a minimum of five (5) acres, with a minimum of five hundred (500) foot frontage. This also applies to lots for trailers and mobile homes.

(c) Churches and schools permitted in all zones.

M. Business, industry and professions will be permitted in Zones B and C. by special exception only, in accordance with state requirements. A business permit is valid only for the business or location for which it is issued, and may not be automatically transferred to a new owner. A permit shall expire upon termination of the enterprise it is assigned to.

E. (a) All dwelling units used for permanent human occupancy must be supplied with running hot and cold water properly connected with the following fixtures: kitchen sink, lavatory sink, tub or shower, water closet. These fixtures must be connected with a septic tank and leach field which has been approved by the New Hampshire Water Supply and Pollution Control Commission. The required septic tank and leach field must be of sufficient size to accommodate a water closet.

(b) A family sized commercial dry composting toilet may be allowed in lieu of a water closet. Such a system must first be approved in writing by the local Board of Health based on the determination that said system will not endanger the health of any person or cause a nuisance and that the end product will be disposed of in a sanitary manner. All other requirements in Paragraph E(a) must be met.

H. (a) Mobile homes, mobile home subdivisions, multiple family dwellings or conversion of a single to a multiple family dwelling shall not be permitted in town until approval has been granted by the Zoning Board of Adjustment, after a public hearing.

(b) Travel trailers and campers will be permitted on private property for no longer than four weeks during any one year. A written permit will be required from the Board of Selectmen for a longer period of time.

J. (a) In Zones A and B all building lots for a single family dwelling shall contain a minimum of two (2) acres with a minimum of three hundred (300) feet frontage on a town approved and maintained road. This also applies to lots for trailers and mobile homes.

(b) In Zone C all building lots for a single family dwelling shall contain a minimum of five (5) acres, with a minimum of five hundred (500) feet frontage on a town approved and maintained road. This also applies to lots for trailers and mobile homes.

(c) Churches and schools are permitted in all zones.

M. (a) Business, industry and professions may be permitted in Zones B and C by Special Exception only, in

accordance with the following requirements:

1. The proposed use is in an appropriate location for such a use.

2. Such approval would not reduce the value of any property within the district, nor otherwise be injurious, obnoxious or offensive to the neighborhood.

3. There will be no nuisance or serious hazard to vehicles or pedestrians.

4. Adequate and appropriate facilities will be provided for the proper operation of the proposed use.

(b) A Special Exception is valid only for the business or location for which it is issued. It shall expire upon termination of the enterprise to which it is assigned.

(c) Any addition, expansion or alteration of an existing use for which a Special Exception has been granted must receive a new Special Exception.

(d) The cost of advertising and costs of mailing the notices of hearings shall be payable by the person making the appeal prior to the hearing.

PLANNING BOARD REPORT

The Planning Board holds regular meetings at the Town Hall on the first and third Monday of each month at 8:00 P.M. Interested residents are encouraged to attend these meetings.

Four minor subdivisions involving 10 lots were approved during this year.

Much time has been spent in cooperation with the Zoning Board and interested townspeople in updating our existing zoning and building regulations. These will be presented to the voters at the annual Town Meeting.

BRIGGS FUND REPORT

For the first time there is enough money remaining in the Briggs interest account so there was no worry providing all the gifts in a last minute scramble. A bank account was started for the initial amount and donated monies added to it in order to earn interest. Economy was realized by purchasing gifts at after-Christmas sales and summer sidewalk sales and storing them since pre-Christmas prices soar beyond the purchasing power of sixty-one cents per child. One hundred fifty eight children shared in gifts such as: cologne, frisbees, notebooks, marbles, glue, pens, paint sets, "Match-box" cars, balloons and candy.

REPORT OF THE ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment holds regular meetings on the first Monday of each month at 7:30 P.M.

In addition to regular meetings during the year, the Board arranged other meetings and public hearings as needed.

The Board continues to meet with the Planning Board to discuss planning and zoning questions and needs, in order to maintain good communication between the two boards.

The Zoning Board granted six variances and/or special exceptions to the zoning regulations during the year, and denied two requests.

REPORT OF THE RECREATION COMMISSION

Officers elected for 1979: Chairman, Stephen V. Holmes; Secretary, Ellen Williams; Treasurer, Reginald Simino and Commission member, Francis Callahan.

Annual report: East Westmoreland Playground: A permanent fence surrounding the playground was installed. The basketball standards were installed and a permanent softball backstop was installed.

The new field behind the Elementary School: Two permanent backstops were installed. Two steel soccer goals were constructed and installed.

A calendar scheduling the use of the town fields was instituted.

In addition to the active commission members, countless hours of volunteer assistance was provided by several Westmoreland residents. The above named completed projects could not have been realized without the help of Wes Staples, Linn Starkey, Jr., Robert Moore, Jr., Jim

Starkey, Charles Williams, Tom and David Williams.

Projects to be completed in 1979 include additional playground equipment for East Westmoreland and volleyball standards for the school asphalt playground. An additional commission member shall be appointed by the Selectmen to replace Lauren Bressette, who resigned in February, 1978.

Respectfully submitted,

The Recreation Commission of Westmoreland

Stephen V. Holmes, Chairman
Ellen Williams, Secretary
Reginald Simino, Treasurer
Francis Callahan, Member

It is the hope of the Recreation Commission to have a meeting with the Selectmen to review the playground maintenance situation for 1979 and also to discuss budgetary considerations.

ANNUAL REPORT OF THE WESTMORELAND PUBLIC LIBRARY FOR 1978

The Library was again certified by the State Library Commission and we are continuing to enjoy books from the Bookmobile and the State Library in Concord.

The children's section of the Library has been quite active this year. The Kindergarten has been making weekly visits with Karen Leduc to the Library and at Christmas they made decorations for our new Christmas tree. There have been several puppet shows put on by Raylene King and we are looking forward to having them on a regular basis along with our craft programs and story hours. Through the efforts of Sue Longsjo and contributing parents, the Little Red Wagon performed on the Library lawn on Old Home Day.

A book sale was also held on Old Home Day by the Trustees for the Library.

In September we had Westmoreland Library Week at the suggestion of the Right To Read Committee who also furnished refreshments. Special activities were scheduled for each day the Library was open and included an open house, craft displays, a farming film, a puppet show and a children's film. These activities were quite well attended.

With the help of several volunteers we have continued to supply books to Maplewood.

In October the Westmoreland Extension Group put on a

food sale for the benefit of the Library, the proceeds of which were greatly appreciated.

We wish to thank all those who have lent toys, art work and other craft items for display at the Library for the enjoyment of others this past year.

Since June several meetings have been held to discuss forming a Friends of the Library Group and there is now a very enthusiastic membership started.

We are pleased to announce the Westmoreland Library is now a member of the Nubanusit Co-op. Through this co-op we are able to buy books and supplies at a reduced cost which should help us to offset increasing costs due to inflation.

Total books and records added to the Library this year - 248.

Purchased: 1 record, 47 Juvenile Books, 47 Adult Non-Fiction, 104 Fiction.

Donated: 24 records, 25 Books.

A total of 7,552 books were circulated in 1978 and two films were shown.

REPORT OF THE WESTMORELAND EMERGENCY SERVICES CORPS

As of this writing, Wesco has responded to twelve requests for aid since January 1, 1978. The Corps has also held a blood pressure clinic and operated a First Aid Station on Old Home Day. Licensing requirements have been completed qualifying Wesco for non-emergency transport. This service will be available at no charge to residents on an appointment basis by calling April Ferguson at 399-4470 or Bill Howland at 399-4309.

In an effort to remain financially self-supporting the group has held a raffle, yard sales, a square dance, con-

tra dances and put on a supper for the Cheshire County Farm Bureau. The Corps is particularly grateful for the donations and support of townspeople.

All personnel within the Corps are either Red Cross Advanced First Aid trained with a minimum of 60 classroom hours or Emergency Medical Technicians trained with a minimum of 81 classroom hours. We are also most fortunate to count a Registered Nurse among our members. Thirteen drills have been held in the past year to keep our members continually familiarized with first aid procedures. All of our personnel are Cardio-Pulmonary Resuscitation qualified.

Five new monitors have been purchased during the past year along with several other articles of equipment.

Wesco need not be called individually, but is automatically toned by calling Southwest N.H. Mutual Aid at 352-1100. Members will automatically respond.

Superintendent of Schools

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the School District in the Town of Westmoreland qualified to vote in District affairs:

You are hereby notified to meet at the Westmoreland Elementary School in said District on the 16th day of March, 1979, at 7:30 o'clock in the evening to act upon the following articles. Polls will be open 2:00 P.M. to 9:00 P.M.

Article 1: To choose all necessary District officers
- A moderator for the ensuing year
- A clerk for the ensuing year
- A member of the school board for the ensuing three years
- A treasurer from July 1, 1979 for the ensuing year
- An auditor for the ensuing two years.

Article 2: To hear the reports of agents, auditors, committees or officers chosen, and pass any vote relating thereto.

Article 3: To see if the District will vote to authorize the school board to make application for, and to accept and use in the name of the district such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state, or private agency.

Article 4: To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the District.

Article 5: To see what sum the District will vote to raise and appropriate for the purchase of and installation of storm windows, repair of present windows and repointing of the exterior of the Westmoreland Elementary School.

Article 6: To see if the District will vote to authorize the school board to appoint a seven-member Building Committee. Said committee shall study the design, construction and cost of the construction of an addition to the Westmoreland Elementary School. Said

committee shall reports its findings to a special school district meeting to be called by the Westmoreland School Board.

Article 7: To choose agents, auditors and committees in relation to any subject embraced in this warrant.

Article 8: To transact any other business which may legally come before this meeting.

Given under our hands at said Westmoreland this
day of February, 1979

WESTMORELAND SCHOOL DISTRICT MEETING

March 17, 1978

Agreeable to the foregoing warrant, the legal voters having met at the time and place mentioned in the warrant, the meeting was called to order by the moderator, Carlson D. Barrett at 2:00 P.M. Article 1 was then read by the moderator and after declaring the polls open for voting, the business meeting was adjourned until 7:30 P.M. The polls, as noted under Article 1, will remain open until 9:00 P.M.

At 7:30 P.M. the business meeting was called to order by the moderator. Mr. Barrett then reviewed his rules of procedure as follows:

1. When a person is speaking, the rest will be quiet and listen.
2. To be recognized - stand or raise your hand.
3. If the Chair does not know your name, please state it before speaking; be brief and to the point.
4. Speak only on the motion at hand, or you will be ruled out of order and asked to sit down.
5. A motion must be made in the positive form.
6. If the Chair is in doubt on a vote, it shall be taken in another form.
7. Possible amendments or other motions not stated in the warrant are to be presented to the moderator in writing.
8. A motion to reconsider must be made within 15 minutes after the article to be reconsidered has been carried or rejected. The motion must also be made by one who voted in favor of the article.

The warrant was then read.

Article 2: Motion was made and seconded. Moved to hear the reports of agents, auditors, committees or officers chosen, and pass any vote relating thereto. Discussion. Ann Louise Ray reported on the Long Range Planning Committee report. The report was reviewed in detail. Questions from the floor included a multi-purpose room and deficiencies in pre-algebra preparation. A continuing committee was recommended by the Long Range Committee citing that there are definite needs - however, classroom space is adequate for the next 5 years for the projected enrollment. A motion was then made to accept the report, same was carried by voice vote and declared in the affirmative by the moderator. A motion was then made as follows:

"I move that the School District authorize the School Board to appoint a Committee of five members consisting of: 1 member of the Planning Board; 1 member of the School Board; a selectman; two parents-at-large; and members of the administration and faculty to serve as consultants."

"The purpose of this ad hoc committee is to study the feasibility of a need for a multipurpose facility at the Westmoreland School. Further, this committee will report to the Westmoreland School District at its next regularly scheduled meeting to be held in March, 1979." The motion was seconded and carried by voice vote and declared in the affirmative by the moderator.

Article 3: Motion was made and seconded. To see if the District will vote to authorize the school board to make application for, and to accept and use in the name of the District such advances, Grants-In-Aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state, or private agency. The motion was carried by voice vote and declared in the affirmative by the moderator.

Article 4: Catherine Scott made the motion which was seconded by Rod Tatnall - Moved that the District vote to raise and appropriate the sum of $361,338 for the support of schools, for the salaries of school district officers and agents and for payment of statutory obligations of the District. Discussion followed. Harry Brown requested interpretation of the extra amount under item 735 - Contracted services. Donald E. Hall of the School Board advised that this was for electrical outlets, valves, new lighting in corridors, kitchen exhaust hood, a conjection oven, counter space, exit door for room #7, repair playground equipment and more insulation for the roof, etc. Mr. Brown questioned the more insulation advising that the building was designed for heat loss so the snow on the roof would melt - the weight of the snow in more heavy snow years such as this year would have an adverse effect. It was noted that in future years of heavy accumulation, the roof would, in all probability have to be shoveled off again. Mr. Brown questioned item 1477.1 - student tuition relative to state children. Mr. Hall advised the state paid $200.00 per pupil and the remainder is borne by the town. Paul Vincent questioned item 735 - fan and hood for $1,000. Mr. Hall advised that this was a hood of the commercial type to cover the stove area. Catherine Scott questioned item 1267 under capital outlay - new equipment - a jump from $10.00 to $380.00. Mr. Hall advised that this was for language

masters and 2 record players. Robert W. Moore brought up about school lunches and the milk program which was also answered by Mr. Hall. Kenneth H. Stewart then requested the question be moved - same was seconded and the motion was carried by voice vote and declared in the affirmative by the moderator.

Article 5: Motion was made and seconded - Moved to choose agents, auditors and committees in relation to any subject embraced in this warrant. No discussion. The motion was carried by voice vote and declared in the affirmative by the moderator.

Article 6: Motion made and seconded - Moved to transact any other business which may legally come before this meeting. Discussion. Carol H. Austin, School Board Member, read the following motion which she wished to become a part of the minutes:

"Whereas, the people of the Town of Westmoreland are most grateful for Donald E. Hall's devoted service to the children of Westmoreland and his community as school board member from March, 1969 - March, 1978.

"Whereas, he served as chairman for five years and was the delegate to the Monadnock Children's Special Services Center Board of Directors and the Supervisory Union #29 Advisory Committee, and

"Whereas he was instrumental in creating positive changes in the instructional program of the District,

Be it resolved that the District honor itself by spreading this resolution upon the permanent records of the District and a copy of this resolution be presented to Mr. Hall.

The School Board of Westmoreland"
Dated March 17, 1978

At 8:17 P.M. the business meeting was adjourned and at 9:00 P.M. the polls were declared closed.

There were 63 townspeople in attendance at the business meeting.

For moderator for the ensuing year - Carlson D. Barrett - 84 votes and was declared elected.

For clerk for the ensuing year - Earl B. Spaulding, Jr. - 83 votes and was declared elected.

For member of the school board for the ensuing three years - Robert E. Staples received 14 votes. Lenville M. Meserve, Jr. received 70 votes and was declared elected.

For treasurer for the ensuing year - Rodman R. Tatnall received 85 votes and was declared elected.

For district auditor for two (2) years - Griffith Royea received 33 votes and was declared elected. Robert M. Cox received 23 votes and was declared elected for a one (1) year term. There were 22 scatter votes.

The oath of office was then given to the elected officials by the moderator and clerk.

A true record, attest:

WESTMORELAND ELEMENTARY SCHOOL
FEASIBILITY STUDY COMMITTEE REPORT

Space Needs Summary

A.) Library - A library with adequate space to house ample materials is essential for all schools. Our present library contains approximately 113.75 square feet. We should plan on 1,000 square feet in order to meet state minimum standards as well as to provide our students room to use the library as a resource center for the school.

B.) Multi-Purpose/Gymnasium/Lunch Room/Community Center - Consideration should be given to the development of an area where not only physical education could take place, but could serve as a cafeteria and school assembly center where programs in art, music and dramatics could be put on by the students for the community. Such a facility could also serve as a place for community-centered cultural activities as well as

a recreational facility for interscholastic sports programs. Proximity to the two new school ball fields makes the school a greater part of the community. Approximately 3,000 square feet should be adequate for this facility.

C.) Nurse/Health Room - Although we do not have a full-time nurse, there is a need for a place for the nurse or principal to attend to the needs of students who are not feeling well. Presently, students have no place to lie down while waiting for parents. Often an hour or more is required before transportation can be arranged. Additionally, the storage of health related supplies is a problem. An area with bathroom facilities, sink and work area would meet our needs. Approximately 100-150 square feet would be sufficient for this facility.

D.) Administrative/Support Facility - At the present time the nurse, secretary and principal share a total of 132.85 square feet of space in a small, cramped office. Privacy is non-existent; therefore, parent, student or teacher conferences are difficult to conduct. When privacy is required, either the nurse and secretary must remove themselves or other space must be found to conduct such conferences. The creation of an administrative area, easily accessible by visitors, which would provide both a reception/waiting/secretary's room and a private office for the principal would be sufficient to meet our needs. Approximately 300 square feet would be required.

It is evident from the present building configuration that inadequate space now exists relative to our library, office and physical education/multi-purpose room.

Building a facility that will serve to remedy these pressing needs as well as serve the needs and wishes of the community would seem wise.

ADMINISTRATIVE REPORT

The American taxpayers are making it clear that they expect public agencies to become more accountable for the spending of public funds. They have also made it clear that they want the "basic" emphasized in their schools.

With the above ideas in mind, Supervisory Union 29 has developed an Accountability Model. This model has been approved by the New Hampshire State Department of Education. It is our hope that we will be able to complete the testing phase of this program by May of 1980.

The five towns in Supervisory Union 29 are in the process of conducting an achievement testing program. The results of these tests will be presented to the parents and school board in the spring of 1979. Using the results of the tests, a Curriculum Committee will examine our curriculum needs in the summer of 1979. These curriculum needs will be reflected in a report to each of the town school boards in the fall of 1979. This report will include recommendations for program modifications based on the achievement test results and the recommendations of the Curriculum Committee.

Achievement tests will be given again during the 1979-80 school year to determine if progress has been made in certain curriculum areas.

It is our hope that by examining and reexamining our school programs we can provide a quality education for our students in the most economic manner possible.

Whenever the school has prospered during this past year, it has prospered due to the sustained efforts of individuals in the school where the program and the child meet. The professional staff deserves high praise for their effectiveness and willingness to adapt programs to meet the changing needs of our students.

I would like to express my appreciation to the school board, principal and staff for their understanding and cooperation during this school year.

PRINCIPAL'S REPORT

As we enter the last year of this decade, several important decisions face the School District. Our physical plant, the majority of which was completed in 1960, is beginning to show its age. Several maintenance projects should be considered in order to insure usability in the future. Exterior painting, repainting of interior as well as exterior cement blocks, energy conservation measures, and special attention to our increasing roof problems are major areas needing immediate attention. Accomplishing these tasks as soon as possible might very well extend the life of our facility. Additionally, as the cost of energy sources increases, protecting our facility from the forces of nature will save the District considerable money.

Another decision facing the District is the need for additional space. Based on current enrollment projections, we should have enough classroom space to accommodate 213 students. (Our present population is 162). However, as our school continues to offer support services and programs for students the need for additional space increases. Three persons now share the very small school office; two teachers share the former library; and speech therapy is given in the present library; thus limiting the availability of library time to students and teachers. Space for speech therapy, student/teacher/parent conferences, administrative conferences, and other program services is desperately needed. Our interscholastic sports and physical education programs (conducted by classroom teachers) suffer a great deal because of lack of adequate space. Additional space will allow us to continue our efforts to provide a well balanced educational program for the students of Westmoreland School. Space requirements will continue to increase as the population grows. Thus, planning for future building needs should begin as soon as possible.

Aside from the problems created by growth and space, we have continued to focus on the quality of education being offered to the students assigned to our school. To this end we have continued to review, change, and update curriculum as necessary to meet the ever changing needs of our students. A dedicated teaching and support staff, a knowledgeable and concerned Board of Education, and an interested and supportive community all contribute to our success.

The involvement of the community in setting educational goals, establishing financial support and participating in the successful operation of the school is a viable and attainable objective.

All members of the community are invited to share their thoughts and ideas about the educational process

with the school. Please contact the school principal or Board of Education members at any time if you have any ideas, comments, or suggestions. Remember--a community is composed of all the people - not just those with children.

We at Westmoreland Elementary School look forward to a close and harmonious relationship with our community. You have entrusted us with your most valuable assets (and hope for the future) - your children. We will try to live up to your expectations. Please let us know how we can better serve you.

REPORT OF SCHOOL NURSE

The following is the report for the year ending June 1978 as submitted by Margaret Freeman.

This school year proved healthier for the students as far as chicken-pox and strep throat were concerned (we had more than our share last year).

The school was hit hard with the flu bug which caused a high absentee rate for a week or so.

5 accidents occurred at school needing medical treatment by a doctor, fortunately none was serious.

177 students had vision and hearing screenings.

9 were referred for vision and 3 for hearing defects.

66 students had physical examinations by the school physician, Dr. McMurphy.

4 students had orthopedic referrals.

177 students had their heights and weights recorded.

64 students and staff had T.B. tests.

93 students, including kindergarten, participated in a dental conference which included cleaning and fluoride application by Sue Merrett.
31 of these students required follow-up, averaging only one or two cavities each.

I would like to express my thanks to all the mothers who volunteered their help with this very worthwhile program. A special thanks goes to Karen Sawicki, who has run the program for the past two years, and to the school P.T.A., who sponsored the conference.

59 students also participated in a pilot dental rinse program offered by the State Department of Dental Health. This program included daily teeth brushing and a weekly fluoride rinse.

Another project this year was trying to update immunication records on all the students. The State Department of Communicable Diseases would like to have 100% protection of all school children in New Hampshire by 1980. This is a tremendous job which really required full cooperation.

In conclusion I would like to say that I have really enjoyed my two years as school nurse in the Westmoreland Elementary School. The students will always hold a special place in my memories.

Respectfully submitted,
Margaret Freeman
